ISSCR + SCSS SINGAPORE INTERNATIONAL SYMPOSIUM

11-13 DECEMBER 2024
SINGAPORE

In Partnership with:

Co-sponsored by:

STEM CELL SOCIETY
SINGAPORE

Sponsorship Deadline: 15 October 2024

The ISSCR International Symposia are intimate scientific meetings designed to nurture focused discussions on specific topics within the field of stem cell research. These symposia take place around the world, bringing together distinguished researchers, experts, and aspiring students to foster connections and promote collaborations. Whether focusing on regenerative medicine, organoids, stem cell biology, or ethical considerations, each symposium offers an exploration of its specific theme, tailored to the attendees' areas of interest.
